Location **North Dakota** https://www.genclassifieds.com/x-677880-z

Hello,

Do you need to record drums for your demo, commercial jingle, songs or CD project? Every project is unique and I will take the time to work with you, to get your songs and projects to a higher level and to sound just like you want it. Whether it's just the drum tracks for one song or an entire project I am available to record the drum tracks at very reasonable rates.

No payments are required until you are 100 % satisfied with the recorded drum tracks. You have nothing to lose!

Please, describe any general musical preferences you have, or if you have in mind a particular song, sound, groove, influences and/or any other information that can be useful to get the recording performance that you may desire.

For more info please contact me via email.
