Salary for those with Six Sigma Green Belt certification average over \$90,000 according to Indeed.com. I'm an official American Society for Quality (ASQ) instructor of Six Sigma Green Belt Certification Training who can tutor you and/or your employees to pass LSS, Green Belt and Black Belt examinations either privately or in my 10-class Green Belt course in Blue Bell, PA starting September 29.

You will stand out by applying proven methods to make better decisions, build successful teams, uncover solutions based on accurate and relevant data, lead teams to increase profit and customer satisfaction by reducing wastes and variability while improving service.

Check out the ASQ certification details at www.asq.com.

P.S. I have an unopened Six Sigma Black Belt primer available for only \$55, a \$30.
