Here we have so pretty Ruby, a lovely young adult female (less than 2 yrs old), with soft fluffy medium length fur, a very pretty dilute tortie shade. Ruby is a lover kitty, who is more like a dog, she likes to follow you around everywhere and be right near you all the time. Ruby has been virus tested, spayed, vaccinated and vet checked. Ruby does have a very best friend named Murphy (shown in last pic) who she would love to go with , although this is not necessary. She's a great little kitty who loves people as well as other cats.

An application is required.
