Imagination Station - Licensed Childcare and Preschool
 Sharon Mischenko and Carey Hall

East Marysville - Grove Elementary

As childcare providers, our mission is to respect and care for each child as an individual. To motivate and stimulate their growth and independence. To allow each child to experience the joys of life and learning. Every child will be accepted and loved for his/her own unique personality and qualities. We are co-providers offering professional and exceptional childcare in a fun, safe, loving and open environment. This is an environment where children grow and learn through experiences such as music and art, free play, dress up, reading time, sensory play, and outdoor play with nature and science.
