

## Model Needed for Free Shoot (Nashville)

Location **Tennessee**

I'm looking for someone interested in modeling who wants to build out their portfolio. I will give you great images in exchange for your time. I take portraits as a way to relax and unwind, so if I can help someone with their portfolio in the process, even better.

Modeling experience not required, and I'm also interested in musicians and dancers. Drop me a note, and I will send you a link to my website.

In addition to the digital images, I'd like to do some with an old camera and black & white film. If that interests you, let me.
