All Cats Rescue has been contacted by the Sheriff in Monroe county Iowa about 48 cats that are in a hoarder situation. Is there anyone that can take any of these poor babies. It is unclear if they are altered or have shots for the owner don't have proof. Sheriff said they look pretty good but again that is only by looks. Saving just ONE is better then none. Even GOOD FARM homes is better then the alternative.

Time is VERY limited so please call!
