Parle Magazine is an urban entertainment magazine based in NYC, along with our online magazine <http://www.parlemag.com>. I'm looking for writers who will help promote the site using different outlets and strategies. It's a great project for someone who wants to do marketing in the future or for someone who wants to get into the world of journalism. It starts with promoting your own content, but essentially getting your content out there helps bring attention to the site overall.

For more information send your email of interest to Kevin

The website is <http://www.parlemag.com>. Get familiar with that first!

This is a nonpaying position.
