We have space available in our moving truck leaving Merced and the SF Bay area on 9/19 - 9/20, traveling along I-80 through NV, UT, and Idaho, arriving near Idaho Falls by 9/24.

Our route will take us close to the entire SF bay area, Merced, Stockton, Sacramento, Truckee, Reno, Winnemucca, Elko, Salt Lake City, Provo, Ogden, Pocatello, and Idaho Falls. Please contact us ASAP if you are along this route and have belongings you would like transported. We have limited space, so it is first come first serve.

We have a long background of careful transportation of single to multiple item moves over long distances. We focus on household belongings, and have transported many antiques. We can help with inside pickup/delivery, blanket/shrinkwrapping, and even released liability insurance as needed.

Very competitive prices as we are coming this way already. We have a large, new, clean truck with plenty of space for anything you need moved. Thank!
