Tate Road Digital is seeking musical talent to showcase at our fall Freeform Listening Exclusive to be held October 10, 2015 in Augusta, GA.

Tate Road Digital is a multimedia company who offers financing to talented artists who may not be able to afford the start up costs of entering the industry.

The Tate Road Digital Freeform Listening Exclusive offers new talent exposure to industry professionals from entertainment law, recording labels, image consultants, marketing experts, and all other aspects of the music biz. Joining the biz can be tough and confusing so TRD is providing a forum to make these introductions more accessible.

This event is free for DJs and Artists (singers, rappers, visual artists, dancers, designers). Interested performers please fill out a registration form at www.trdigital.biz before September 15.

Industry professionals who would like to attend please register for an industry specialist invitation. www.trdigital
