I am looking to rehome my 3 lb male Chihuahua to a very special home. He is very, very tiny and petite, very small and delicate. He is 12 years old and neutered. Loves car rides, has traveled all over the country. Loves riding in a bag, purse, or soft pet carrier. He is house trained and leash trained. He doesn't bark- very quiet.

I'm looking to place him with an elderly person/couple. Absolutely NO kids and NO other pets. (An elderly person/couple with a lazy cat might be acceptable). He is extremely jealous of other animals- meaning he doesn't want you to hold him and another animal/kid. He needs someone who is almost always home or that will take him with them, will carry and hold him a lot- and I mean a lot. He doesn't do busy or fast- unless you are holding him lol. He will go on very short walks, but would rather be held. He will ride in a baby front pack, your shirt, or wrapped up like a burrito. He likes to be warm all the time. Doesn't care to walk much- except to do his business outside and then wants to be held to go to sleep. He will use a puppy pad if its left down for him- otherwise he goes outside (He prefers to go outside to potty). He has been man-handled and really abused in his previous home by children and does not like or trust kids. He's a very picky eater. Likes boiled chicken, scrambled eggs and other people food more than kibbles or canned food. He is a special boy and I'm looking for a special home for him. I'm not in a hurry to place him. Please don't email me for just a picture. I'm not Advertising him, I want to find him a wonderful slow paced.
