We took in Baby Boy about 2 years ago from a family in our neighborhood that could no longer care for him. Hes a red/blue nose pit,black & white, about 80lbs. Hes a little over 3 years old. He is house broken & knows sit & lay down. He has been around kids/noise & is pretty laid back.

Bella is his daughter, she's mostly black, about 35 lbs on the skinny side like her mom was. She has been in the house but still has accidents. She knows lay down but is too wiggly to sit for long.

Neither are fixed. Will need up to date shots. They are ok together but can NOT be around other animals. They are not people aggressive (wont even bark at the door) but for some reason will not tolerate other animals. For full disclosure, we believe they would kill another dog or cat.

\$20 rehoming fee includes both dogs, collar & leash. Pics can be sent by text. Contact Doug
