Little Angels daycare is California State licensed, CPR and First-Aid certified, experienced well-staffed child daycare and a licensed quality childcare home opening for infant to 12 years old. It is my goal to provide a safe and loving home like environment while children are away from their parents and also my goal is to provide a place where parents feel comfortable leaving their children and I know how difficult it is to find quality childcare and I understand that your child is the most important thing in your life. I have enough experience working with children.
