I am in need to set up some shoots with some photographers. My schedule is pretty much open so far. Here's what I am looking for: Trade TFP (not looking to pay for or get paid), good usable head shots and body shots to build a portfolio and possibly yours. I have had professional shots done before.Â

About myself:  
30 years old, 5'6, shoulder length brown hair, green eyes, Caucasian, plus size

As for the types of shooting I ABSOLUTELY WILL NOT DO include nude, boudoir, unprofessional things, anything that I could be uncomfortable with.Â

Other than what is stated in the above, I am open minded and take direction well.Â

Please change the subject line when contacting so that I know it isn't spam.Â  
Thank you to all who read this. Hope to hear from you!
