SEEKING eBay BULK LISTERS

We have all photos ready, but we need someone that is fluent with ebay to help us at our location or remotely, to do the bulk listing. We offer high pay.

Please only respond if you have the ability to do bulk listing rapidly.

We are open 24 hours a day. Feel free to contact us at any hour of the day (24/7).

We are considering taking a partner or giving a percentage or making some type of contract.

Please note: we will be working non-stop for the next 48 hours, in order to list our items one by one. We became aware that we are not able to do this without the help of a professional ebay bulk seller.

We are a three-person team, that do not have too much experience with ebay.

We have a huge wear house and inventory in stock, plus a number of investors backing us up for several lines that we are currently working on.

So..... If you have any plans or ideas or contacts or setups feel free to contact us as well in order to discuss your.
