4 kittens.. 2 orange and two black. 6 weeks old and mom is not feeding them so they r trying to eat on there own.. They still need help and I don't have the time to do it. They are eating wet food and drinking warm milk mixed with water. I think 2 males and 2 females but not 100% sure. They r using the litter pan 90% of the time. They had one dose of wormer but that's it at the moment. Mom and dad r short hair but one of the black looks to be long hair. Will come with a kitten Baggie which includes 1can of wet food.1 toy.1 Baggie of cat litter and 1cat pan. Rehoming fee of 20\$ is required and will not lower or waver the fee. Plz call or text

Thank..
