In need of a Full time/ Part time on call CNA / PCA / HHA /NANNY ASAP for my 6 year old son with very minor learning disabilities/delays, to start right away. Experience is not necessary, but helpful. I'm willing to train the right candidate. Much more important than experience is a good attitude, absolute dependability and ability to follow detailed directions. I'm looking for an honest, compassionate, patient, hardworking individual. It is essential that you are an up-right honest person of integrity. I would like to hire someone that genuinely is interested in helping someone like my son to live a better life and is not just looking for a paycheck. His health and life style completely depend on the care he receives.
