This apartment has been remodeled to be a beautiful addition to the island. It is especially nice because it has a large wrap-around window that looks out over the ocean (see photo), the kitchen has granite counter tops, and the kitchen is fully equipped with a large refrigerator, microwave, and oven. It also features a washer/dryer and a full bathroom. The living room has a large flat screen TV with Netflix installed.

The tile style is used throughout, so everything feels clean. And another very nice upgrade is the very large, custom built 2 person shower.

Cool trade winds blow through this unit-- or you can use the quiet built-in air conditioning system. And you will very much like the free washer/dryer located in the hallway and not down the hall, which is what
