In search of a person(s) who is well verse with a sewing machine. I have a custom print that need to form to my body/measurements. It is for cosplay and I do not have the skillsets to sew this. I have attached a picture of how the print comes together and a sample of the print. I got the fabric from fabricondemand.com and it's a 4way stretch lycra.

Person with experience with lycra or swimware (almost the same material) is needed.

Please bare in mind that there is little to no room for error as these prints are pretty costly.

Must know how to attach hidden zippers and various other hidden zippers throughout the suit.

hidden wrist zippers
hidden crotch zipper (for ease of use of the bathroom)
hidden back "u" shaped zipper
hidden back head zipper (for the face mask to)
