

Bella, sweet and gentle lab mix (Raleigh)

Location **North Carolina**
<https://www.genclassifieds.com/x-678990-z>

This is Bella, a 3 year old lab mix. She is a very sweet dog and with a lovable personality. She loves to be outside and go for walks, and she does very well on a leash. She is also very calm in cars. Bella is pretty shy and will require some special love for the first few days as she becomes acclimated to a new environment. Loud noises and sudden movements startle her- so a home with small children is probably out of the question for her. Once she warms up to you, however, she will not to be away from you. She enjoys the company of those she trusts, and would likely flourish in a home with another more confident dog. She is house trained (as long as you take her out on a consistent schedule), and she knows "Sit" and "Come." Bella is a great dog in need of a gentle touch and a loving home!

Adoption fee of \$90 (reduced since she was already spayed) includes her microchip, deworming, vaccines, heartworm testing, and flea/tick/heartworm prevention
