Location **North Carolina**
<https://www.genclassifieds.com/x-678993-z>

LOST, MALE DOG. \$3,000 Reward. NO QUESTIONS ASKED.

He went missing December 8, 2014.

I am hoping someone found him and is keeping him healthy and happy, they may not know he is missed by someone that really loves him and wants him back very badly.

His name is Ricco.

I realize I should have had this done now, but he wasn't micro-chipped.

He is about 5 years old.

He weighed about 28 pounds when he went missing.

He is about 1 foot tall.

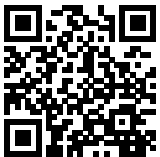

He is neutered.

He is a Beagle but is a light brown khaki and silver color with typical white Beagle markings. He does not have any black coloring on him.

He was wearing a blue collar when he got loose.

The reward will be for return, or just information leading to his recovery. Please call even if you just see him, If I can get there and get him myself I will still gladly pay the reward.
