Due to a recent job change, I am now a stay at home mom who has plenty of free time to watch your child(ren). I have three children of my own who go to school in the Vallivue School District. I am currently accepting infants starting at 9 months old, toddlers, and school age children who are needing after school care. There is a Central Canyon bus that has two drop offs near our house.

I have many years of healthcare experience as well as running and working in childcare facilities in the past. I believe in learning as much as I do in having fun. There is a common area and a park nearby our home. "Field trips" will be planned accordingly and of course with weather permitting.

I am offering competitive prices and hours. Spots are limited so please contact me if you are interested. Include what you are in need of so I can provide information as to what meets your.
