Hello Everyone!

I'm going to drive from Central Jersey to San Francisco area the first week of October. I have room for one passenger with very lite baggage. Please be willing to share the cost of travel, as in fuel costs. I will be making multiple stops, so please expect to be on a road trip with me. I will not be making a record breaking drive to the West Coast.

Text me for details! We will meet before taking on the road.
