

Video Camera Op Needed (Hastings, NE)

Location **Nebraska**
<https://www.genclassifieds.com/x-679154-z>

Looking to hire experienced video camera operator for upcoming production September 12-13 in Hastings, NE. Exact times will be finalized over the next week, but for now, an approximate schedule looks like this:

Sept 12: 7:00am - 5:30pm
Sept 13: 7:00am - 6:30pm

These times include setup / teardown each day. You will not be actively on-camera the whole time - there will be several opportunities for downtime / breaks. All equipment is provided, but must be reliable and have your own transportation.

Please send a link to your reel and resume for consideration. You should be comfortable operating a Sony EX1-style camera on a tripod with LANC controller. If you have fast-paced sports experience that is a big plus!

Pay is \$500 total for the weekend, plus meals / snacks. Additional details will be sent via.
