Hello! My husband and I are looking to find a family or two to go in on a nanny share with us (two or three kids total). Basically we'd like to hire a full-time nanny to watch our 4 month old son. We'd like to have him with 1-3 additional kids (so the nanny would only be watching 2-4 kids total). We would hire the nanny together and the kids could be watched in our home, your home, or a combination of both. We're expecting to pay about \$5 per hour per kid with a nanny share (so the nanny would be making \$10-20/hour but each family only paying \$5/hour per kid).

We live off Broadview and Brookpark in Parma so are looking for a family or families near us in Parma, Seven Hills or Independence.

Let me know if you are!
