Boudoir photographs are the best in preserving your sexy moments. I do boudoir photography and glamour shots in and around Salt Lake City. Snaps can be taken where ever you feel comfortable, whether it's your own house/yard or outside areas. Since I do the photography for passion and building portfolio, I don't charge for the digital prints. So if you choose only digital prints that's going to cost you nothing. Yeah, free. Reply to this ad with your favorite lingerie as.
