Premium websites at affordable prices

See Your Dreams Come to Life...
Are you tired of paying some "web guy's" high hourly fees for simple website updates you should be able to do yourself?

Establish a powerful internet presence that is guaranteed to increase conversions, boost sales and most importantly, stand out against your competition.

Need more than just a brochure site? Need assistance with WordPress, Joomla or Drupal? Our team of passionate professionals are happy to work with any platform that will meet your needs.

We want to be your partner and teammate to take your website to the next level with a bulletproof marketing strategy, that will get the best return on your investment on the best and most affordable marketing tool you have today. Get optimized ...Get social ...and get sales.

The Happy Coders offers custom, responsive (your site will look good on cell phones, tablets, laptops, desktops, across the board!) website design, and development at affordable prices. Plus, we can show you how to maintain your site yourself!

? Is Your site ready for Google's Search Change? ?

Google is changing their search algorithm again, and it's one of the biggest changes in years. If your website is not responsive on all devices, you will loose search ranking very soon.
