Now you can take care of all of your wedding services under just one booking. And for a lot less than you can find anywhere else for the same services. We offer a full day of photography, video and dj services along with 4 hours of unlimited use in our photo booth for just \$1995.00. And that price covers anywhere in Wisconsin. We will also provide up lighting for your reception area to give a beautiful ambiance, at no extra charge. We are experienced and laid back professionals whose goal is to provide you with an over the top experience for the best possible price. Since the DJ is one of the most important services you will book, we make sure our DJs have years of training and experience not only with playing music, but working with people of all ages as well. Our DJs interact very well with your guests and gets them motivated to stay on the dance floor. He will help you with organizing your activities such as the special dances, the grand march, the garter and bouquet tosses and helping with your grand entrance. Our photographers and video technicians also have years of experience and will make you and your guests feel at ease working with them. Our photo booth uses high resolution cameras and is large enough to hold 20+ people at a time if needed. We are there for your entire day. We do not rush through things just to get in and out like you find with many service providers these days. Check us out on our website for more details about us, samples of past weddings we have done, past customer comments and details of exactly what each of our services has to offer. Our website is <http://www.amazingmediagb.com> Then give me a call and we can check to see if we have your date available and answer any questions you may have. We look forward to hearing from you and sharing in your special day. Gary
