We can grind down your tree stump or stumps just about as cheap as anyone can do it really. Please call or text for a quick quote, just take a picture of your tree stump, and remember to put a soda can in the picture so I can easily figure out the size of the stump from the can, and I can easily text you back a quote once you send me a picture for a price, that includes small trees also.

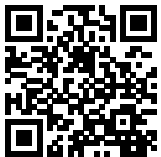

Most rental stores charge \$125 and up for their stump grinder rentals these days, and you will sweat stump grinding. We offer multiple stump discounts and we give the best deal, we also cut and haul away trees for you also.

Thanks for your time
