Is your laptop or desktop running slow? Are you hounded by popup ads or seeing new toolbars in your browser? Or maybe your home page changed?, or strange software loads on startup?, If So.. Your PC is most likely infected with adware, spyware, spybot, trojans or another internet parasites which have the ability to install MORE parasites without your consent. There's where I come in. With over 15 years of computer experience I can do it all! Removal of Malware, Trojan Horses, Worms, Adware, Spyware and other viruses when standard anti-virus software either fails to detect them or fails to effectively eliminate them. Standard antivirus programs are good at detecting those Malware, but not always good at effectively removing it. I'll completely clean your computer of all these invasive threats and it will run alot faster and smoother, also your Privacy will be Protected!
 \$30 covers it all, flat rate!, If I can't fix it,NO Charge

I am very reasonable with prices and love making you leave with smiles!!!

I believe in honesty and quality work with quality hardware and software. I have been repairing, servicing, building and modifying PCs, Laptops and most things electronic for over 15 years.

I have over a dozen software tools at my disposal to remove nearly every type of virus, malware, adware, etc. Typical time is between 1-2 hours based on how slow the PC is. Infections slow the PC down by nature making removal longer in some cases
