Do not shoot me. I respect all artists and I know the amount of time it takes to create logos or art for that matter. Buuuuuut, I am in a pickle and I need help.

I need 3 concept logos for a start up I need them for a very important presentation

I honestly work a part time min wage job right now. I can't afford to ask a logo company or an artist. I've been contemplating whether to even post this but a closed mouth does not get fed.

I am not asking for these to be perfect, hand drawn or anything. Simple logos that can be created in 15 minutes each bUT still hold a wow factor.

If interested please contact with a rate and I will discuss what I need

Thank
