At Biovent Termite we use Termite Tracker technology to pinpoint active infestations. That way we can minimize the amount of chemicals required and save you money. In most cases we can inspect and treat the same day and will waive the inspection fee. Termite Tracker technology is scientifically tested. We have a webvideo and demo video of the Termite Tracker on YouTube. <http://www.youtube.com/watch?v=a2IHQh19D2s> and <http://www.youtube.com/watch?v=LOij0Y1MbCk>
