Deck/fence/tree house company looking to hire 1 experienced carpenter. Looking for someone who is dependable and trustworthy and understands the importance of being to work on time. Must be a team player...not looking for a lead.

Must live close to Buford or be willing to travel to Buford each morning as we leave shop in company truck.

Must have reliable transportation, tool bags (with necessary basic carpenter tools), be able to speak and understand English well (if you also know Spanish that is also a plus).

If you are a flake or don't believe in truly being dependable...don't bother applying. Pay will be discussed if you are hired. This is potentially a full time position as we stay busy. Thank you for your interest and hope to hear from you.
