

## 2 Hermanns tortoises hatchling (1mo old) (Liberty)

Two Hermann's tortoises and all necessary equipment - \$350

Each of my tortoises is only \$100, however you'll find that the listing is priced high because they come with their entire enclosure. Professionally set up, everything brand-new. Saves you tons of time hunting all of the stuff down from various stores and researching what you need. It's all here.

Each tortoise is almost exactly one month old and in perfect health, very well taken care of. Just need to find a new home for them.

I don't know what gender they are as it is far too early to tell, but each will grow in the next 5 to 8 years to approximately 7 to 9 inches ..

They come in a Rubbermaid tub for now, and that's where they should stay for at least another year maybe two ... but you will definitely need to plan ahead for at least a 4' x 6' tortoise table - but you have plenty of time to research plans for that. Just making sure you know what you're getting yourself into.

I'm happy to answer any.
