This is the Original Omega Man CD by Silver Age Classics. Its in like new condition. I have never played it. Its in original case and all inserts are also Original! I went to a autograph show back in 2002 and was sold a "Fake" of this CD. I didn't know any better and paid the thief the \$60! Only to find out the whole CD was a fake. Don't let this happen to you! This CD was limited to only 3000 copies and released in March 2000! This is the REAL DEAL!!!! ASK FOR CORY. This is the Original not the 2008 reissue! The last picture I have posted is the cover of the 2008 reissue!!! You can clearly see the!
