Location **Iowa**

On August 1st, I had 12 baby rats born. -3 girls, 9 boys.  
 Only the 9 boys are available now. :)

- All Dumbos. (Meaning their ears are large and lower set on the sides of their head. Super cute!)
- 3 types of fur in this litter: Smooth(Standard), Hairless, and Double Rex.
- These babies have had lots of attention, they're very loving and give lots of kisses.

+++Rats are great pets, very sociable and interactive much like having a tiny dog; they love attention. They are also super smart and can be taught their names, tricks, and can be litter trained!+++
