Lumber 2x4, 4x4, screen, netting, plywood, feeding bowls cages, aircraft cable, perches, wood trees, leftover unwanted bird seed/ feed, money. This is for a very good cause. Exotic birds with no where to go, neglected, malnourished, needing a refuge. Any help would be appreciated. For money donations if you need to see the site call.

Pictures of birds can be sent or seen in person. Most birds arriving need immediate medical care, the pictured bird has plucked all of his feathers. He needs health, good diet, and love. Thank you from the bottom of my.
