

Professional, experienced seamstress (St. Paul)

Location

Minnesota

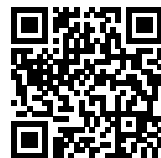

<https://www.genclassifieds.com/x-680142-z>

I am looking for several people to help in a few of my manufacturing businesses. These people must have vast experience working with fabric, sewing, designs, and cutting. Both businesses are growing and I don't have enough man hours myself to do it all. People with pattern drafting experience or education are especially encouraged to apply. Please respond to this email if this is something that interests!
