My new band, The Blue Cities, is looking for some cool new designs. We are looking for either a drawing, painting, design, or photo that helps illustrate our brand.

****PRO BONO- NO CASH BUT WILL OFFER YOUR NAME/COMPANY PROMOTIONAL VALUE***

I will choose my favorite top 5 logos from artist. I will have our social media followers vote on the best picture. Each picture in the competition will have their company/website displayed. The winning logo will have their company/website advertised on our website and social media as the winner and creator of our logo. The winner will also receive a FREE album of our music.

For inspiration:

My band is called The Blue Cities. It's a mix of blues, blues rock, soul, roots, funk, and R&B. I am trying to find a cool logo, design, font, picture, etc that would be good for selling merch like shirts, hats, can coozies etc. I'm thinking of something vintage, retro, old school. Something old school were older fans will like it and cool enough were younger fans will like it as well. I kind of like to have the old school mic in the logo some how.

-I would like the text, The Blues Cities, somewhere in the art
