SOME OF OUR REFERENCES:

" My wife and I needed to move some furniture around our house in Waikoloa, as we were changing around a bedroom and office.
 Mike and the crew were wonderful. We were contacted the night before to confirm, and they showed up exactly on time.
 They were professional , courteous and exercised great care in moving our stuff around.
 We can honestly highly recommend "Two Movers with Equipment " without reservation."

"Wil did an amazing job for me. Not only was he extremely professional and prompt, but his humor and great attitude kept me calm and laughing. It was a big and difficult job. When a huge, heavy armoire couldn't fit through a door, he came back the next day and kept at it until it made it!
 Also, he was very reasonably priced.

I can't recommend him highly enough."

Barry of Waimea

"We moved for 15 years and both my wife and I was happy with the service. Pleasant and professional. His rates are fair and his expertise in all things moving related is obvious. He certainly is our mover of choice!"

Charlie from Waikaloa

I was very pleased to have someone I can depend on to get the condo ready for me when I arrive. You did a superb job. You will be called again for sure. Thanks Again."

Sandra from Texas

"Wil and Finn moved an immovable object (our six-foot by seven-foot solid-wood china cupboard) up three flights of stairs, proving our impossible dream was possible. These guys are Ironmen, up to the challenge. Unstoppable!"

Reita and Richard from Volcano

"Hello, just wanted to say Thank You to you and your team. The move of my hot tub went very smooth with your professional approach to the move. When you and your helpers showed up I knew I hired the right guys. You arrived with all the proper gear to get the job done. I can not thank you enough, Much Mahalo!! I have attached some pictures of the move. Thanks again I would hire you again and definitely recommend your services."

"Wil helped us load our 20 foot container that we were loading to move to the mainland. He arrived at our home right on time with all the gear that we needed to load up the container. Wil was very organized about what should be loaded and how. He did not waste anytime just milling around or debating what to do next. He jumped right in and went to work. We found Wil very pleasant and professional to work with. We would highly recommend him for any kind of moving jobs or handyman kind of jobs one may have.

Sue & Mark of Hawaiian Shores

"Thanks so much to Wil, who is a crazy puzzle master! Wil and Bill worked tirelessly to get my container loaded so perfect. I would not have been able to do this myself. I picked the right guys!! I'm so smart! I would highly recommend them to anyone."

Sandy on her way to the mainland.

" It took five men to load what Wil and Kevin unloaded. I never would have believed it could have been done. My safe was over 800 pounds and the exercise equipment was awkward and heavy. Great job and very reasonable price."

Kevin of Honaka'a

"Foye and I were impressed with the loading job that Wil and Jackson did for us yesterday. These guys arrived, assessed the situation, and then got busy loading and stayed busy until the job was done. I also appreciated the way they included our son Oscar in the process. It was great for him to be involved. Looking forward to finishing the next load in a couple weeks.

Brian and Foye moving to the mainland

"Wil and Shaun treated my possessions with even greater care than I do! These guys are great."
