Experienced band looking to add a person with pipes to share lead vocal duty and harmonies in a high energy classic rock cover band. We try to tailor or fit the songs to the vocalist style and can play anything but we try to stay with what works. We will entertain any age/gender experienced or not if it fits in with our style. Mid-higher range especially wanted but who knows? Charisma goes along ways. We would even consider mixing in original stuff. Playing an instrument may help. We work hard to make it right and tend to be demanding though we can work with someone with potential. We always are adding new material so you can't expect to stay comfortable. We have very pro gear/lights so you don't need much if anything. It's not a full time gig right now but we try to play out as much as everyone wants to. If you think you can travel at times for practices we may be able to help with that. No egos and no drugs. If interested just hit reply in the email. We will try to get back to you.
