Bike is in good shape. Runs good. Has an aftermarket carb on it. It doesn't have a choke so it takes a minute to warm up before it idles by itself. After its warmed up it runs great. Headlight and taillight work. It doesn't have a title but i have all the paperwork done to get it. You just need to sign your name and take the paperwork down to the courthouse and they will issue a new title. Call or text

Possible trades. Let me know what you!
