Hi, My name is Donna. I am an independent care giver and companion. I have 15 years experience helping to keep you at home when you just need assistance for whatever reason. I prefer long term clients whom I can become good friends with while relieving this stress from family members. In the last 15 years I have served 5 families who will gladly recommend, even advise you to jump on my service offer. I do not work a few hours here and there, other people will fill that need. However, I have a reasonable rate for 24 hour shifts that is very cost effective in comparison to agency or hourly rates, which will save you money regarding 24 hour care. I am a companion and caregiver that will make your life happier and more comfortable.

I am looking for that next perfect win-win fit. I love being a caregiver, I really do enjoy helping people. I do my best to make them happy. I am happy to help with all Activities of Daily Living, including: grooming, dressing, bathing, or anything you need help with including convalescence. Rest assured I am there to help you WITHOUT FAIL! Rest assured, you or your family members are in good hands!

I enjoy all types of cooking, and I am capable of following special diets. Furthermore, I am willing and able to drive you anyplace you want to go. My former clients loved to go to the hair dressers, manicurists, visiting friends, even cross country trips in a motorhome. I do have a very comfortable luxury car that is fully insured, and I have a clean D. M. V. record. When we are at your home we can chat, read, watch a good old movie, or whatever you like. I manage the medication set-ups, and I create simple reminders.

I have been in the medical industry for over 30 years, with the last 15 years performing hands on duties. I am a former administrator in a hospital setting, which is what I have most enjoyed. I have a general knowledge of many things, but you only know what you know. I respect and appreciate your privacy and show no favoritism.

I am very proficient with charting, which are the records that always keep the family up to date with what has been going on. These records are easily accessed through telephone calls or email. I am capable and adaptable to any circumstance involving keeping a family member at home. I am able to stay calm in an emergency situation. Lastly, I will always put my client first. I am self sufficient. I own my own home that my husband and I built, he is a custom home developer, but I, on the other hand, truly love caring for people whom are just like my loving grandparents!

I thank you for your consideration. I would like to send you my resume and letters of recommendation.
