We purchased this a few months ago, but we no longer need to train our dog and it has never been used or taken out of the box. We have the in ground fence system as well as a remote trainer collar/remote.

Here is the information about this product from their website.

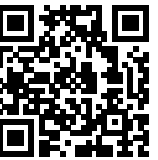

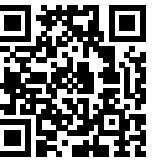

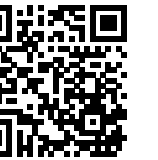

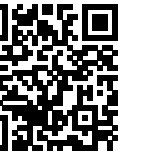

This intelligipetâ„¢ In-Ground Fence System allows owners to create an in-ground, hidden fence using an easy-to-install boundary wire. Dogs wearing the receiver collar receive a harmless, but effective electrical stimulus when they approach the boundary to remind them to stay in the designated area.

Pet control system is water-resistant and lightweight  
 Includes an adjustable collar receiver with replaceable 6-volt alkaline battery  
 Wall mountable transmitter  
 500 ft of wire to surround approximately 1/2 acre  
 Boundary training flags, two sets of collar probes and training guide

The intelligipetâ„¢ In-Ground Fence System receiver can be used with dogs as small as 8 lbs. For use with dogs older than 6 months.

Receiver Collar weighs 2 1/2" oz.

Appropriate for dogs 8 lbs and over and/or 6 months old and
