We are looking for part time childcare for our infant daughter starting on November 1st (possibly late October), in our home. She is a tiny sweet little love, and we will require trial runs (paid) before actually starting work. Experience with infants is a MUST. We live in Royal Oak, and would prefer someone nearby that will be commuting to our home. The hours will be two days a week (TBD), more than likely it will be Monday and Tuesday, between the hours of 7 am - 4:30 pm, or 8 am - 4:30 pm. We would like to begin the interviewing process within the week. Must be a non-smoker, and CPR and first aid certified. This is a long term and permanent position.

Please email with any questions, as well as with your references and pay.
