DID YOU KNOW?

The main reason women lose their hair edges is due to weight incompatibility of extension hair being used on their natural hair?

DID YOU KNOW?

That 90% percent of Hair Braiders Braid improperly (too tightly) and cause unnecessary stress on your hair strands which leads to Traction Alopecia (balding) and many other hair issues?

I Braid with Tender Love and Care. I WILL NOT Pull and Yank at your edges nor treat your hair like it is the Hair of a Mannequin or Rag Doll. You will not get the typical horrible experience you receive at the African Braiding Salons with me. I am an educator of Proper Hair Care and a Healer for Damaged Hair in Need of Restoration. I am a professional Hair Braider, Natural Hair Care Guru and Loc Specialist of 10 Years. I Also have an Exclusive Hair Care Line That Is 100% Chemical Free Used to Heal, Restore and Promote Healthy Growth For All Hair Textures. Allow me to share my Gift of Proper Hair Care with you !!!
