Beats Solo hd (80 USD)

Location **Connecticut** https://www.genclassifieds.com/x-684832-z

Received it as a gift from family member for birthday, but no need for it since I have a pair of Bose headphones. Have used these about 7-8 times. Barely worn, and have receipt to prove that these are legit. It comes with everything as seen in picture (the audio cable to connect to device, the Beats Solo headset itself, and the carrying pouch). Still have Box as well.
