This is a repost, the last person let us down. Serious people only!

Beautiful black and grey Persian to very good home only. Needs more attention than I can give him. Very affectionate. Needs a little grooming which can be a two person job. Great lap cat, very calm and laid back. Doesn't like dogs. Takes to people very quickly. I am moving and have 2 other cats and can't take them all, he is the most friendly out of the 3 of them. His name is Igor. Will part with him for free if you have the time for.
