Aloha! I'm looking for a 1-2 bedroom apt, cottage or house for a long term rent. Parking would be nice. Or as long theres street parking. Prefer Central or South side of Oahu, but depending on offer I will consider other areas as well. Has to be pet friendly, my wife and I want a small dog, that's why I'm looking for a place to move.

It will be just my wife and I, and as soon as we find the right place we'll get a dog. No parties, no issues, no problems from us guaranteed! I own a cleaning company and my wife also works. We live in Waikiki now, no problems with the landlord or with pay, I will have you call them as reference. We just want a small dog, otherwise we would not even move. My contract is over, I'm on a month to month bases. So I'll need 1 month to give my landlord a notice.

Let me know what you have.!
