This is a very simple job. We travel to local storm damaged areas and offer our services, which include roofing, siding, gutters, and windows. We are experts at dealing with insurance claims and are simply trying to help restore damaged areas to their pre-storm condition. Our sales staff need support while in these areas, which is why we are looking to hire. Those hired in this position will knock and doors in the

neighborhoods, introduce themselves and the company, and ask if the homeowner will allow for a free estimate to be given. We will not be responsible for anything if the homeowner has no claim and no cost. If the homeowner is in a position to pay for the work, we will be happy to take on the job.

Paul Hamilton Roofing & Construction is a small, family owned general contracting company. We have locations in Omaha, Kearney, Lincoln and Grand Island. Our primary focus is on restoring storm damaged property which largely includes roofing, siding, gutters, and windows. We are fully licensed, bonded, and insured, and we do not accept any payment for services until our work is completed and accepted by the homeowner.
