I am needing a female model for an erotic photo-shoot concept, nudity will be involved. Would like someone that I could work with on multiple projects. This one would be TFP but if we work well together we can work out a compensation agreement. The model will receive copies of the images to use for her portfolio as well as web sized images if they want to use them for a blog or other social media. If you are interested in hearing more about the concept and feel you would be good for the shoot, please reply with a photo or a link to a portfolio.

Thank you for your.
